Mr. McKee opened the floor for the public hearing

Catherine Rector came forth on behalf of Freda Ledbetter, neighbor, in regards to Mr. Gage’s proposed addition and encroachment into the setback. Ms. Rector stated that by Mr. Gage building this garage, Ms. Ledbetter would be looking at a brick wall, and would become an eye-sore for her. Ms. Rector submitted pictures and a letter from Ms. Ledbetter.

Mr. Joyner asked Ms. Rector if the letter and pictures were to be submitted for the record.

Ms. Rector stated that they were.

Mr. McKee asked Mr. Gage how close he was to the property line.

Mr. Gage stated that he is 12.9 feet on the west side and 18.2 feet on the backside and will add a three car on the front of the house. He is going to remodel the house and would like to get the variance to build the garage first. The value for the home will increase by about $350,000.00. Mr. Gage stated a lot of the homes in the Dickerson Bay area have asked for variances to upgrade their homes. Mr. Gage stated that they need the extra space and if they can’t build the garage, there would be no need to remodel.

Ms. Webster asked if the lake-view would be obstructed by the garage.

Mr. and Ms. Gage both stated that the lake view is in the back and the garage would not obstruct Ms. Ledbetter’s view of the lake.

Ms. Rector stated that the front setback is in violation because it should be 80 feet.

Mr. Gage stated that the restriction for that front yard setback expired in 1999 and has not been reinstated, and other homes have encroached on that front yard setback since the restriction has expired.

There was discussion.

Mr. McKee closed the public hearing
